

# **Reneal Team Meeting 20 September 2025**

# Topics Today

- Welcome to new Team members
- School assignments
- Status of tasks
- Upcoming meetings

# Status of tasks

- VPN creation
  - Wrote draft procedure for both wireguard and openvpn (for US)
  - Will write draft procedure for wireguard only (for TZ) – files will be on a special USB drive, to be kept with Reneal Server Build Disk
  - Will create list of VPN addresses for all schools and send to Team TZ when I am back in the US

# Status of tasks

- National Exams and Solutions update for servers
  - Downloaded current papers from [maktaba.tetea](http://maktaba.tetea)
  - Created new index files
  - Working on script to do server update
  - Will probably need two different scripts, one for 2024 Phase 2 servers and all other servers
  - I will leave USB drive with exams – may need to send script file after I return to US

# Status of tasks

- Microdesktop Network Configuration
  - New program (configureMicroNetworkInterfaces.py) to set up lab1 and labwifi interfaces for microdesktop servers
- Met with Arusha Node Marie – they are interested in using Reneal system
  - They may ask to borrow one of the emergency servers

# Status of tasks

- Ashura is working on a banner for the Reneal office

## To Do

- Make a new version of reporter.py for SUs to run regularly and send us results
- Discuss locking cabinets at JRI with Mir

# Upcoming Meetings

- Tuesday 10 am JRI: Server Build
  - We will go through a complete server build
  - Review of VPN process
  - Summary of laptop repairs from Troubleshooting Team
- Wednesday 10 am: meeting with Terrawatu

# Upcoming Meetings

- Saturday 10am JRI: Team meeting
- Decide on time for Team celebration
- Meetings with new Team members this week
